Dozens of Communities Served!

In 2010-2011 the SELS van travelled almost 9,000 miles and carried over 40 passengers!

It's been very busy in the office. Jennifer Barnason started as the new assistant on December 13, 2010. We also managed to do all the other great things in this report while completing a three year and three month contract with the Department of Corrections.

The SELS Board has been hard at work this year. They've revised the Personnel Policy, debated office space options, made innovative budget changes, and created a SELS member survey. Meetings were held at Clark Enersen Partners, Beatrice Public Library, Harding & Shultz, Love Library, and James Arthur Vineyards in Raymond.
